# *Nature Mats by Geo*

A pioneer in the Coir doormat industry, Geo Crafts, Inc. is a Pennsylvania corporation taking roots from a family owned business four generations strong. During those years, we have prided ourselves on producing high quality products setting benchmarks for trust and service through an impeccable aesthetic sense and never ending craving for perfection. Most importantly, is our contribution to protecting Mother Earth with eco-friendly Green products.

Whether they are made using Natural fibers, Rubber or Polypropylene, our mats and rugs are durable yet comforting with eye catching designs, classic styles, and playful humor to welcome visitors. Our collection, offered in various sizes, has been decorating fine homes all over the world for several decades.

Coir (Coco) mats range in various grades and sizes to suit the customer needs – from the premium Imperial grade of 1.75” thickness with tufted fibers to the hand driven looms creating the 1” thick creel grade and the half inch thick power loom tufted vinyl backed mats that can be made in wide width of 12 feet. In addition, we offer the traditional cottage industry specialty mats using woven ropes to create the basket weave, lovers knot and more. Our indoor and outdoor rugs are offered in Jute, polypropylene and other natural fibers giving a carefree versatile product for indoor or outdoor use.
